## brezza d'estate

COLLI TORTONESI - DOC  
TIMORASSO RISERVA

*"Quando il cardo fiorisce e da un albero la cicala canora diffonde l'armonioso frinire battendo le ali, è giunto il tempo dell'estate... All'ombra e con il cuore sazio, beviamo allora il vino generoso godendo del dolce alitare di Zefiro sul viso."  
(Esiodo)*

Brezza d'Estimate is a white wine obtained from Timorasso grapes harvested in a little and special vineyard's that has been planted in the first years of the new millennium and named after my mother, Brigitte. Since the beginning, I knew that the soil composition and the particular exposure of this vineyard would have given birth to a great wine, with great aging potential.

This wine requires at least five years of aging before the Timorasso grape could show its true deepness and complexity. Brezza d'Estimate translate in "Summer Breeze": in each sip, you would feel the magic of the refreshing breeze in a hot day, which restore the spirit, bringing together exotic flavors and salinity coming out from the rocks, burning under the sun. I personally share or treat myself with this wine to celebrate rewarding moments.

**Vintage:** 2014  
**Vol:** 14%  
**Production:** 900 bts.  
**Vineyard:** Brigitte  
**Variety:** Timorasso

**Altitude:** 360-370 mt  
**Exposure:** sud, sudest  
**System:** Guyot  
**Conduction:** Organic Holistic

**Harvest:** Hand picked.  
**Vinification:** 2 days skin contact maceration, spontaneous fermentation with indigenous yeasts.  
**Maturation:** 36 months on the lees in stainless steel tank.  
**Aging:** 24 months in bottle.

Unfined, unfiltered.
